

Mercedes-Benz

The best or nothing.

**star bulletin**

Date: January 9, 2013  
Order No.: S-B-98.00/31  
Group: 98

**SUBJECT: MY-All, Models All**  
**Cleaning Tin-Plated Surfaces**

Prior to painting tin-plated surfaces do the following:

**Procedure**

1. Heat with an infrared portable radiant drying unit for approximately 15 minutes.
2. After the surface has cooled sufficiently, clean the area thoroughly with sheet-metal cleaner or degreasing agent.
3. Paint with approved painting material.
